This QR code is used for transferring Phygitals. For e.g. if you are meeting someone in person and you want to sell/gift them a Phygital. They can login into their personal Phygital App and open this QR code, so that you are able to scan it during the transfer process.

ATTENTION:

This not the 'App Login QR code'. It can only be created with the Phygital Frontend.

This QR code is used for transferring Phygitals. For e.g. if you are meeting someone in person and you want to sell/gift them a Phygital. They can login into their personal Phygital App and open this QR code, so that you are able to scan it during the transfer process.

ATTENTION:

This not the 'App Login QR code'. It can only be created with the Phygital Frontend.
